

February Club Night

Our guest speaker was Gisela Kaplan (<https://www.une.edu.au/staff-profiles/science-and-technology/gkaplan>), Emeritus Professor at University of New England. She is the author of many books and papers about the behaviour of Australian birds. One of her most recent books is the acclaimed *Bird Minds* while her book *Australian Magpies* has been in print for more than 15 years and has received numerous awards. Gisela gave us a very entertaining talk about the risks facing Australia's birds and what we can do about them.

It was also the night of our Annual General Meeting. Members adopted a "steady as she goes" approach, re-electing all of 2018's office bearers and committee members.

Office Bearers and Committee 2019

President: Bob Stewart

Vice-President: Mick Roderick

Secretary: Margaret Clarke

Treasurer: Helen McCall
