This record sheet is designed for use in counts of shorebirds and waterbirds at locations in the Hunter Region. It lists the species more likely to be found within the Region. For uncommon and rare shorebirds, an Unusual Record Report Form (URRF) is likely to be requested; please make careful field notes at the time of the sighting. Use a new sheet for each distinct location visited. **Send completed sheets to: Records Officer, Hunter Bird Observers Club Inc., P.O. Box 24 New Lambton NSW 2305.** Please consider entering your results into Birddata too (as a Shorebirds 2020 survey).
